

SUMMER 2017

A LETTER TO OUR WARM FRIENDS

Harrington Oil Inc.

752 MAIN ST, HOLDEN, MA 01520 *** 508-829-0044 *** www.harringtonoilinc.com

HEATING / COOLING SOLUTIONS!

MESSAGE FROM THE BROTHERS

Many exciting changes have happened at Harrington Oil this year. First, we added our 3rd service technician, Joe Allen. Joe has many years of experience in servicing both heating and cooling systems. The addition of Joe enables us to now install central air systems to keep your home cool all summer long.

Secondly, this summer we have upgraded our computer software which you will notice with different tickets and statements. The new software will allow us many more options to provide even better service to our customers.

With the change to our software comes an improved customer online link. Once you register you can view your account, request deliveries, service and make payments. Please go to www.Harringtonoilinc.com and check it out.

As you can see we are constantly looking for ways to improve what we offer to our customers to give you the best experience possible. As always, we Thank You for your continued business.

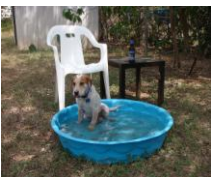

OIL CONTRACTS

Our 2017-18 Capped/Fixed Oil contracts have gone out. If you haven't received one but would like to protect your oil price for the heating season please let us know.

STAY COOL

We can install and service central air systems. Call to schedule a free estimate on a central air system. Our technician will be happy to go over the options with you. We also offer central air conditioning system tune-ups to keep your current system running properly.

SERVICE POLICIES

We offer two different Service Policies to cover your heating system. The Standard Policy covers your Annual Tune-up, all the parts on your burner and any labor connected to those parts. What it doesn't cover is any water related parts. The Deluxe Service Policy covers everything the Standard Policy does plus the water parts for your best coverage. Both policies now include tank coverage to protect your oil tank. We require that you be on automatic delivery to be protected by either plan.

IT PAYS TO SPREAD THE WORD

We love hearing new customers tell us they have been referred by a friend or family member. This is quite a compliment. We always try to treat our old and new customers well, and it's nice when you have the confidence in our abilities, to recommend us to others. It can also be rewarding for you as well, as we will credit your account \$50.00 for each new customer you refer to Harrington Oil. Thank you!

REBATE PROGRAM

Mass Energy Marketers Association or MEMA is offering rebates of \$300.00 for new boilers or furnaces and \$200.00 on new oil tanks. These rebates will be only offered for a limited time. If interested in getting a quote on updating your heating equipment, please contact our office at 508-829-0044 to arrange a Free estimate.

Check with your power company to see if you are eligible for more rebates or financing on new equipment.

*Customers can receive a **\$500 Rebate** when they install a high efficiency heating oil system and aboveground tank.*

AUTOMATIC DELIVERY & EASY PAY

We highly recommend both of these services. First, with Automatic Delivery you never have to worry about watching your oil tank or calling to order. We will be there automatically and make sure you always have oil in your tank. The easiest way to pay for your oil is the Easy Pay Plan. Instead of paying the whole bill each time we make a delivery, you make small monthly payments throughout the year. We can set you up on one or both of these plans quickly and easily. Please contact the office at 508-829-0044. To make life easier we can set you up on automatic monthly payments to your credit card.

Enjoy your summer!
